# Commissioner's Message

Wasatch County has always been a unique County, located between two urban areas. It has maintained its rural and agricultural values and has become a recreational attraction for the rest of the state and for tourists nationally and worldwide. The Wasatch County Fair preserves our heritage and posterity. It is a time for former residents to return to their home. Once a resident, Wasatch County is always home. High school class reunions and other activities are always scheduled at this time.

The Fair Board has worked hard all year to make this County Fair one of the outstanding events of the year.

We, as Wasatch County Commissioners, are extremely proud to endorse the County Fair as one way of helping to preserve the proud heritage we wish to perpetuate.
